Road by Lake Pennessewassee Showing New Improved Fence

The Norway Selectmen represented by Road Commissioner Albert A. Towne in cooperation with the State Highway Department have installed a wire mesh protection along the highway to Norway Lake Village next the shore of Lake Pennessewassee.

Some three hundred feet are now placed, eventually 3000 feet will be set, the longest stretch of this kind of protection in the State. The screen is 1 1/2 inch mesh No. 1 galvanized wire, painted white and supported by iron pipes set in cement. Its true name is the Paige Hi-wa-guard and guarantee to prevent any automobile from breaking through into the lake. Its elastic properties react in a way to save the machine from severe damage and avert serious trouble for the occupants.

COMMUNITY CHAUTAUQUA

The big brown tent was pitched on the fair grounds, Monday, for the ninth annual meeting of the Norway-South Paris Community Chautauqua Association. The outfit arrived from St. Johnsbury, Vt., after visiting many states since the opening of the season in June. This tent is one of seven now in use on the New England circuit. Neighboring towns are enjoying the programs this week are: Bethel and Livermore Falls, with the first named town one day ahead of us.

A. D. Ladd of Akron, Ohio, is superintendent. Mr. Ladd has been in Chautauqua work many years and before joining the Community forces, was employed with the White & Albor Chautauqua, playing through states in the middle West. He is making his first acquaintance with Maine.

Two Junior leaders are with us this year and the Twin Towns are probably the first in the State to receive this honor. The young ladies are Miss Hattie Clark, Washington, Indiana, and Miss Bernice Gibbs, principal of the high school in Elsie, Mich. The local assistant play leaders are Miss Josephine Chase, Norway, and Miss Florence Leach of South Paris.

Preston Craft is assistant superintendent. He is a Kansas boy and is attending the Kansas Teachers' College. H. Lytle of West Virginia is tent manager and a student in Oberlin College.

The Chautauqua Chautauqua late Monday with a parade from the grounds to the head of Main St., and returned. About seventy children in costumes represented clowns, movie comedians, characters of the present, with a sprinkling of odd men-up possibly inhabitants of the fiery planet Mars. Decorated bikes and a dainty pony outfit were conspicuous.

Colored balloons and streamers were carried by the paraders. The real work commenced Tuesday forenoon at 9 o'clock with the business of organizing followed by a play hour and stories. "Three Wise Fools," a three act comedy drama, started the evening program, Monday evening, with a bang. Between the six and seven hundred made up an audience that appreciated the work of the actors and responded with generous applause.

The play as adapted for Chautauqua purposes is set in the living room of the three bachelor boys, namely, a crabby banker tied to custom; a physician cramped to overflowing with psychological knowledge and a judge of the hard boiled type. The play of the house is "One for all and all for one." A young woman bequeathed to the trio, enters the scene and preaches and revolutionizes the habits and morale of the stern family. That bear of a banker is the last to crumble, but it remains for his young nephew to fall head over heels into love and to prove a true friend, when the test of the girl's honesty is made.

A typical English butler, two escaped crooks and an inspector from police headquarters are connecting links in the story. Comedy with laughter the general rule. The "Three Wise Fools" characters are distinct types and the artists gave clean cut impersonations of the three men in the case. Miss Paula Mann as "Sidney Fairchild" was unusually clever as an emotional actress.

Before the play, Eugene N. Swett, president of the local Association, appeared before the curtain with a few remarks, answering several questions in reply to the comparatively late date this year, and to the absence of a Sunday service. He also introduced Supt. Ladd and Charles D. Isaacson of New York, with a group of five artists of grand opera, appeared Tuesday afternoon and evening. Mr. Isaacson is the foremost figure in American musical development and supervises musical activities for New York City. In the knowledge that good music is educational and uplifting, he presents operas and lighter compositions in several parts of New York City's congested area. This summer he was granted a brief leave of absence to spread the gospel over the Chautauqua circuit.

Mr. Isaacson's lecture in the afternoon was "The Real Estate Value of Fine Music" illustrated by the artists in song, pantomime and classic dancing. Mr. Isaacson is not a musical faddist. While not favorably impressed with "jazz," he has a place for it in his classifications and realizes that syncopation and noise appeals to certain states of mind. On the other hand, people who live only in the realm of cultural music are designated by him as "musical snobs." He suggests a happy medium. The speaker without any knowledge of the science, it is purely emotions, moods and ideas. Experiments with children, the ill and insane, prisoners, the blind, and even with animals, prove the assertion.

The entertainment Tuesday evening was divided into three episodes featuring in the first, Mr. Isaacson as Franz Schubert, the composer, with the company singing many selections during his impersonation. The second episode included a resume of Russian music and national events responsible for the strange mingling of notes and crude comedy. In the third part was the opera "Aida," an Egyptian epic. Mr. Isaacson told the story, and the large audience was asked to imagine conditions at the Metropolitan Opera House with its wonderful costumes, hundreds of performers in brilliant costumes and a large orchestra. All important characters were impersonated by the four artists were introduced in Mr. Isaacson's recital.

Theresa Sheehan Concert Party and Fred Somers, Master harmonica player, opened their program Wednesday afternoon. Rain pelted on the big tent and trickling down on the stage ramp down the curtain on event soon after the entertainment was underway. Despite a constant patter of rain drops on the umbrellas, the crowd gathered about 500 kept smiling. Superintendent Ladd called the program off and promised a strong bill in Association Hall at South Paris, which had been engaged for the evening.

Extensive Wednesday evening commenced at 7:45 in Association Hall. The harmonica artist appeared for the opening number in a recital featuring the smallest harmonica made, and the

latest chromatic instrument. His work lifted the commonplace noise maker into the realm of musical instrument class. The Sheehan Company followed in a pleasing program of music and readings. Miss Sheehan has been with Community Chautauqua some eight years and has appeared here before. Her dramatic readings never fail to go across with a snap for they are carefully selected and appeal to all audiences. Miss Freda Slaupe proved an artistic violinist while Mrs. Marthalyan Tripper as accompanist and coloratura soprano soloist was warmly received.

Howard Wisehaupt of Indiana was the lecturer in place of Wentworth Stewart who has been withdrawn. Mr. Wisehaupt is president of the Business Men's Lyceum and an authority on business methods. His subject "The Human Element in Business" was an analysis of the buyer and seller, with destructive and constructive criticism. He demonstrated that mental attitudes make business conditions good or poor. Greatest of all is the bugbear of presidential year when depression is expected. This, he said is pure bunkum and mental states are responsible. The habit to whine before election causes the retailer to order sparingly. This curtailment of the whole business system is upset. If the retailer could forget "presidential depression" and keep up the speed, business would not drop.

Community parasites are numerous according to the speaker. They range from the trader who lives wholly to himself to women shoppers of joy killing habits. Above all things, remarked the speaker "Begin the day right, the first thirty minutes after rising sets the pace. Get up when you are awake, and awake when you get up." This lecture was poignant and practical, full of every day psychology worth putting into constant practice.

Chautauqua Comments

The frequent use of near profanity in the "Three Wise Fools" left bad impression with many patrons according to their criticisms. Comments are to the effect that with children in front seats and with chautauqua ideals not in harmony with coarseness, should be good reasons for its elimination. Critics are sure any play will not lose its force by striking out a brand of English obscenity to sensitive ears. The rule should apply to the theatre as a whole, they say.

A. D. Ladd, the superintendent was a guest and principal speaker at a Luncheon of the Kiwanis Club Thursday noon. He is a past president Kiwanian of Akron, Ohio and has wide experience in the work, gained through years of travel and association with members in many different states.

For the first time in the history of local Chautauqua, rain put the lid on the program Wednesday afternoon. The big tent was so noisy the talent gave up as beaten. At least 500 people were disappointed.

The classic dancing of Ange in Isaacson Arabian Nights program Tuesday evening received favorable comment as did the wonderful voices of the three soloists. Betty Schuler as pianist fared well in the complimentary expressions.

Parking automobiles and directing traffic after the evening programs was in charge of Officers H. C. Kimball, L. A. Hall and Lester McAllister. Albert D. Park, E. N. Swett and Francis Swett handled the ticket office.

Odd Fellows Observed Anniversary
Norway Lodge, No. 16 I. O. O. F. fittingly observed its 50th Anniversary Tuesday evening. G. M. Will C. Miller and his suite from the State Grand Lodge were present and large delegations from subordinate lodges in this district participated.

Norway Lodge opened in regular form at 5 p. m. and closed after a brief session. Shortly after 7 o'clock a procession formed on Main street and marched to the lower end of the village and returned for the renewal of tonsils.

Executive Committee acted as marshal with color bearers Herbert A. Rich Jr., Roland Nevers and Lester Witham, all veterans of the World War leading the parade. The Norway Paris Band came next. Followed by Canton Alfred S. Kimball of South Paris, Norway Lodge I. O. O. F.; Mt. Meia Lodge, South Paris and visiting representatives. Several past officers of the Grand Lodge and the present officials rode in automobiles.

On the return to Norway Opera House, Past Grand Representative A. L. F. Pike of Norway escorted the Grand Officers and the long line of Odd Fellows to the auditorium where tables were in readiness for a regulation banquet in charge of John Swain and a corps of able assistants. A few over two hundred were seated although preparations had been made for considerably more. The menu was complete in every detail and reflected credit to the men of Norway Lodge who served the feast.

Past Grand Representative A. L. F. Pike was toastmaster during the post prandial exercises. In the opening meeting. Speeches were delivered by the Grand Officers and prominent local Odd Fellows. A historical sketch compiled by Mr. Pike and read by his son L. Fred Pike was of unusual interest. A detailed history of the Norway Lodge from its institution in 1874 to the present administration, represented a great amount of labor and a clear knowledge of Odd Fellowship worthy of preservation.

Mr. and Mrs. George N. Watters are to move from Mrs. Gertrude Barker's house to the downstate rent in the Lillian Biebe house on Danforth St. Mrs. Barker will reside in the house vacated by the Watters.

Hjalmar A. R. Christensen has returned to his duties at the Blue Store after a vacation in Manchester, N. H., and at the Orchard during the Christian Alliance meetings.

David Smith, who had a sun stroke during the hot spell, is improving. He is about town, but unable to work for the present.

SOUTH PARIS

Barnyard Golf the Rage
The horse shoe pitching team from the Mason Manufacturing Co. played the Gushman-Hollis team at Auburn, Thursday afternoon. The shoemakers won by a narrow margin considering the regulation court. However the Masonites cleaned up four of the ten games and held mighty good. Lowest score they registered was 42 while the more experienced shoemakers fell to a 14 mark in one game.

The toymakers who competed were Henry Cummings, Walter Harding, Elmer Tyler and Guy Sturtevant. Plans are underway for a regulation court either on the Mason property near the factory or on a plot near the cement highway. There is a possibility the team may compete in singles at the State fair for the Maine Championship.

Barnyard golf, so called, has a strong hold in South Paris and many players are reviving the sport common in our grand daddy's time.

Pierce E. Wheeler
As the result of a shock suffered Tuesday evening, August 12, Pierce E. Wheeler died Saturday evening, Aug 16, at the home of his son, Alton C. Wheeler. Some eight years ago he suffered a shock, which affected his speech and his right side. From this he never fully recovered, but he was able to do light work, and took great pride in his garden and the other things which were under his charge.

Mr. Wheeler was the son of Joseph and Eliza (Clark) Wheeler, and was born, Feb. 28, 1832, in Mason. While he was a child the family moved to Albany which was their home until they moved to South Paris in 1879, living first on a farm, and later in the village.

He was a member of the South Paris Congregational church, the Bethel Lodge of Odd Fellows, and of the Golden Cross. Mr. Wheeler leaves two sons, Alton C. Wheeler of South Paris, and Harry M. Wheeler of Wakefield, Mass. His mother, who was before marriage Lucy Chapman, died sixteen years ago. He is also survived by three brothers, Nelson B. Wheeler of Bra, Calif., Hannibal L. Wheeler of Marlboro, Mass., and Ulysses G. of Newtonville, Mass. These three are the survivors of a family of eight sons of Joseph and Eliza Wheeler.

The funeral was at the house at 4 o'clock Monday afternoon and attended by Rev. J. L. Wilson. Burial was in Riverside Cemetery.

New Quarters for Paris Trust Co.
A special meeting of directors of the Paris Trust Co. a vote was passed to move the banking rooms to the room now occupied by the Roger Davis Company in Association Block.

The Trust Company will remodel the new room to conform to its requirements and will build a new and larger vault. It will occupy the entire High Street side and the rear of the new room, and will sublet a smaller store next the store of the L. F. Pike Company and most of the basement. It is probable that the remodeling of the building and the building of the new vault and new bank fixtures will require several months, and that the change of location may not be accomplished before January first.

When completed the bank will have a very modern and up-to-date equipment with room to care for its rapidly increasing business and very handy lighting, as it is planned to open windows on the High street side of the block.

At the same meeting Stanley M. Wheeler was elected to fill a vacancy on the board of directors.

Carroll Brackett and family of Strong, Mr. and Mrs. William Hovey of Lowell, Mass., Mr. and Mrs. E. E. Conant, Mrs. W. H. Conant, George Braden and family, Miss Mary Conant and Fred Conant of Buckfield, Mr. and Mrs. P. F. Braden and family of East Sumner, William Conant and family of Norway recently enjoyed a picnic at Harry Conant's farm. Mrs. Edwin Dunham Babb joined her husband at Chester, Vt., this week where they will make their home.

J. Harland Abbott of Springvale is spending his vacation here. Harry A. Morton has returned from Portland where he underwent an operation for the removal of tonsils.

Mrs. W. T. McWhorter and daughter Ruth of Augusta have been visiting friends in South Paris.

Mrs. Hattie Davis went to the Deaconess Hospital in Boston, Mass., Thursday for an operation on her throat. She was accompanied by Mrs. Clinton McKen and Mrs. Walter Davis.

Mr. and Mrs. Fred Emery and Mr. and Mrs. Francis Chandler of Mexico and Oquossac were in town Friday evening.

The Republican Town Committee will meet at Chase W. Bowker's office Friday afternoon, Aug. 22 at 5 o'clock.

One of the best programs for the summer was rendered by the Norway-Paris Band during the concert in Market Square Thursday evening. The air was clear and just right for the music to be heard at considerable distance. Frank Knapp's trumpet solo was a feature and he kindly responded to the hearty applause and auto horn demonstration.

WATERVILLE

Mr. and Mrs. George D. Robertson were at York Beach over the week end. Forty-five girls from Truda Camp passed through the village Monday for a hike to Streaked Mountain, where they camped three days.

The Knappe Club went to East Stoneham Saturday and enjoyed a picnic supper at the Island Camp Lake Keweydin, guests of Dr. and Mrs. Donald Bartlett of Perryville, Md., who are there for several weeks.

On Sunday the party returned to the beach at Cumberland, where Mr. and Mrs. Ed. Fawcett, Mr. and Mrs. Merton Clifford and son Gordon, on Mr. and Mrs. J. Harold Neal and daughter Harriet, Mr. and Mrs. Alton Jacobs, Mr. and Mrs. Ralph R. Butts, Mr. and Mrs. Wilbur Swan and daughters, Barbara and Theresa, Mr. and Mrs. Tracy Pierce and Mrs. Iva Cutting.

Mrs. Alfred Jackson and daughter, Miss Nellie M. Jackson, were recent guests of Mrs. George Veazie in Littleton, N. H.

TWICE PROVEN

If you suffer backache, sleepless nights, tired, dull days and distressing urinary disorders, don't experiment. Read this twice-told testimony. It's Norway evidence—doubly proven.

E. C. Libby, Sanborn St., Norway, says: "I had a great deal of backache which annoyed me to do anything. My head ached and I noticed specks floating before my eyes and my sight blurred. I used different remedies but it was left to Doan's Pills to give me lasting results. I got Doan's at Stone's Drug Store and since using them I have had no return of kidney complaint." (Statement given June 6, 1916.)

On September 3, 1920, Mr. Libby said: "I haven't had occasion to use Doan's Pills or any other kidney medicine since being cured by Doan's. My faith in this remedy is just as strong as ever."

EAST BETHEL

Bean-Bartlett

Clifton Edw. Bean of Woodstock and Edna May Bartlett of East Bethel were united in marriage at Rumford, Saturday afternoon, Aug. 9. Rev. H. B. Haskell of the M. E. Church, Rumford, officiated, using the very impressive double ring service. This bridal party was attended and very quietly departed for parts unannounced for a short wedding tour.

On their return, a grand reception was held at Grange Hall, East Bethel, Friday evening, Aug. 15. This was attended by over 100 of their many friends to offer congratulations and good wishes. The hall was brilliantly lighted and decorated with evergreen and many cut flowers. Punch and fancy cake were served throughout the evening. A grand wedding march was formed, followed by dancing and all enjoyed this most delightful social event.

Many costly and useful wedding gifts were presented. Mrs. Bean is the daughter of Mrs. Carrie Bartlett, she is a graduate of Gould Academy and Farmington Normal School and has been a successful instructor in the Bethel and Rumford schools and now holds the position as teacher of language in the Pettingill school at Rumford, where she is to teach the coming year.

Mr. Bean is the son of Mr. and Mrs. Edward Bean, Woodstock, Maine. He is a graduate of Woodstock High School and Shaw's Business College. He now holds a fine position in the office of the Rumford Falls Power Company.

Sunday Evening Service

At the Congregational Church on Sunday evening, a large congregation were gathered to hear the impressive and beautiful service led by Bishop Nelson of Albany, N. Y., one of the summer visitors with a cottage on Long Lake.

A wonderful and inspiring sermon was enjoyed by a large congregation which has been closed for several months. Bishop Nelson stated that he would conduct services at the Church for the two Sunday evenings to come, Aug. 24th and 31st and gave a cordial invitation to everyone to attend. Many townspeople, summer guests and Bolster's Mills neighbors availed themselves of the opportunity to hear this great man.

The music was in charge of Mrs. Lillian Stradling and was by a large choir of pupils of Prof. Bristol. Among those noted were Mme. Marie Sundelius, Mr. and Mrs. Linscott, Miss Mansfield, Mrs. Hill and Mrs. Stradling. A solo was rendered by Carl Rollins. Stuart Ross was accompanist.

Esther Ash, who has spent the summer with her sister, Mrs. Nathaniel Whitney and family on High St., was called to her home in New York, Saturday, by the illness of her father, Judge Ash.

Lulu Paikinen has been working for Mrs. C. D. Tarbox, but has returned to her home.

Inez Marr has gone to Watford. Mr. and Mrs. Jesse Libby spent the past week in South Portland. Mr. Libby has returned to his duties with the Parker Thomas Co., who have been closed for a few weeks.

Jennie Alden of Brookline, Mass., is rooming at A. W. Libby's on Elm St. Elizabeth Gray and Margaret Skinner of Washington, D. C., are guests at Wyonegonic Inn, North Bridgton. Miss Gray formerly lived in Harrison and has been calling on friends and relatives.

Mr. and Mrs. Everett Packard of Boston were recent guests of friends here. Mrs. Packard will be remembered as Mrs. Emma Tremaine, who made her home in this vicinity for several years.

Garage Changes Hands

Archie Grover has sold his garage and house on Watford road to Lynton Harmon, who took possession immediately. Mr. Harmon is a graduate of the Sweeney Automobile School at Kansas City, Missouri, and has also had considerable practical experience. Mr. Skinner, who has been employed by Mr. Grover at the garage will continue as Mr. Harmon's assistant. Mr. Grover will continue his auto livery business and will move as soon as a rent can be secured.

Mr. and Mrs. George A. Flint went, Saturday, to Old Orchard, where they will sojourn for a week or ten days.

Mr. and Mrs. G. Harrington Flint of Norway, and friend from Skowhegan were guests on Thursday at his parents' Mr. and Mrs. George A. Flint on High Street.

Junior Freeman is spending the week with Mr. and Mrs. Erlon Noyes at So. Paris.

Rev. G. W. Sias of Turner, formerly of Watford, is visiting his daughter, Mrs. B. M. Davis, and other friends in town and former parishioners at Watford.

Local Horse Wins Race

Mr. and Mrs. J. H. Randall and Leon Libby were at Pittsfield last week where Mr. Randall's horse, Wilgus, well known to the racing world, and his beautiful new horse, Empire Boy, made fine records. Wilgus won a fast and interesting race with many swift racers of the day, going the mile in 2:13 1-4. He traveled the 1-2 easily in 15 1-2. He was driven by William A. Nelson and will enter this week at Bangor, and later at Lewiston. Wilgus has many admirers in this section, who are pleased with Mr. Randall on his success.

Emily Caswell is spending the month with relatives in Colebrook, N. H. Mrs. Josephine (Davies) Graffam of Lancaster, N. H., was a recent guest of her parents, Mr. and Mrs. Leaman Dawes on Front Street.

Kenneth Lamb of Mechanic Falls is visiting Mr. and Mrs. James Stone. On Thursday he was the guest of Elsie M. Stevens and Mr. and Mrs. P. S. Lamb. Oliver J. Foss, Leon A. Emery and Mrs. Albion Buck of Norway were in town, Thursday, on business.

Sunday callers at Mr. and Mrs. A. B. Wheeler's, Front St., included Mr. and Mrs. Leon Brackett and son Robert of South Paris, Mr. and Mrs. Roy Stevens and two children and Arthur Swift of Union, N. H., also Mr. and Mrs. Arthur Strout and two daughters of Auburn, and Miss Brenda, gave a reading which was greatly enjoyed.

Mr. and Mrs. W. B. Spiller spent the past week with relatives in Augusta. Harmon Keene had charge of the blacksmith business during Mr. Spiller's absence.

Miss Treadwell and Mrs. Amy Capron of Boston were week-end guests of Miss Bertha Powers on Elm St. Bertie Burnham is spending a few weeks with relatives at Locke's Mills.

NORTHWEST NORWAY

FITTING UP FOR WINTER

By Fred M. Davis

Written for Norway Advertiser

I'm fitting up for winter.

For that cold and dreary day

When folks go shivering down the street

And snowflakes round them play.

When the stormy blast of winter

Makes you have to sneeze and cough,

When the frost is in the gutter

And the ice is in the trough.

When the sheep they bleat a half-tone,

When I hear the cattle call,

When the house-cat on the hearthstone

Rolls herself up like a ball.

The time when north winds blow in gales

That makes the chimney roar,

The day when I will swing the flails

Upon the old barn floor.

The day when snowflakes play their pranks

On house-top, eave and eave.

The day when I'll be giving thanks

For blessings I receive.

When I'll have money in my genes

And good hay in the mow,

That reaches high above the beams

To feed each horse and cow.

With the lanterns burning dimly,

As they hang there on the nails,

I'll watch the smoky chimney

While the milk goes in the pails.

When I'll hear the "windows rattle,"

When skies are cold and gray,

I'll card my horse and cattle

And watch them eating hay.

When the open fire crackles,

When the nights are long and cold,

When you sit there munching apples,

Papers read and stories told.

While southern brooks are running,

I'll whistle some old tune

And think of days that are coming

When flowers are in bloom.

When cattle will be waiting

Close beside the pasture bars,

Like an Arab and his camel

Underneath the desert stars.

I'll see them in my magazines,

The flowers down the lane,

I'll snore and dream of summer scenes,

When robins sing again.

When old Brindle sheds her hair

I'll look for snow on the hills,

While I blow bug-death through the air

To kill the pesky flies.

With the fire blazing higher

And the good things 'tween in store,

The old world will seem brighter

Than it ever did before.

I'm fitting up for winter.

When we have to wheeze and cough,

When the frost is in the gutter

And the ice is in the trough.

TO THE ABSENT ONE

The merry breeze that once with the leaves

Sang a joyous happy refrain,

On the porch through the vines,

In the land of the pines.

Now sings in a minor strain.

The autumn sun, when the day is done

Seems to shadow a vacant chair,

And the porch with the vines

In the land of the pines.

Is ever calling you there.

—DURELL HAYDEN HUBBELL.

Take No Thought saving, What shall

we cut off, What shall we drink or,

Wherever shall we be clothed? But

seek ye first the kingdom of God, and

his righteousness: and all these things

shall be added unto you.—Matthew 6:31,

I give unto you. Let not your heart be

Norway Boy With World Fliers

Bradley Willis, Helms Academy '20,

U. S. N. Elec. School '21, son of Mrs.

S. I. Jackson, Green Elms Norway,

one of the electricians on the U. S.

Crusier Raleigh of the conveying squad-

ron with the American Army World Fliers

at Reykjavik, Iceland. The Raleigh is

practically an all steel ship, bronze and

copper being used where steel is not

feasible. She is a net work of wires

covered with webs of wireless, headed

with hundreds of insulators. She can

"speak" 4000 miles. She is equipped

with a catapult to shoot an airplane

from a platform amid ships, out over the

water at a high rate of speed. She is

550 ft. long, 55 ft. wide and looks head-

on like a towering flat iron building, and

generates 1,500,000 lbs. of steam an hour

or 265 lbs. to the sq. in. of her 65 miles

of steel tubing.

The Raleigh by means of her two scout

planes can search for a safe landing along

the Greenland coast for the world fliers

and can take extra supplies of fuel to

them for the next lap if need be, as well

as crew for safe harbor for regular sup-

ply ships of the squadron.

The ship left last July for across the

Atlantic, stopping at Norway, Denmark,

and Sweden.

This is Mr. Willis 2nd cruise across

to these points, the first being on the

battleship, Florida. He likes the new

cruiser very much and doesn't re-

gret his second enlistment in U. S. N.

It is a continual education, with pleas-

ing sight seeing along with interest-

ing occupation at the wonderful machines

of electricity.

The Raleigh proceeding cautiously thru

dense fog toward the west coast of

Greenland in search of a safe landing

place for the World Fliers, and ice-free

harbor for the squadron, on Aug. 10th

ran into a small drift of ice for the first

time.

Shoemakers' Field Day

the athletic committee will be carried out

as follows:

Three-legged Race—1st prize \$5 in gold;

second, \$2.50 gold; third, package

cigars.

Potato Race for men—\$5, \$2.50, package

cigars.

100 yard dash—\$5, \$2.50, package

cigars.

75 yard dash for fat men—\$5, \$2.50,

package cigars.

Pipe and needle race, men and women—

\$5, \$2.50.

Shoe Race (men and women)—\$5, \$2.50,

package cigars or box candy.

Tug of war—100 cigars, second, 50 cigars.

Egg and Spoon Race (women only)—

\$2.50, box of candy.

Doughnut Contest (women only)—\$5, \$2.50,

box of candy.

At the picnic dinner the Carroll-Jell-

erson Company will furnish soft drinks.

A special troupe has been engaged to give

a show in the afternoon, and music will

be furnished for a dance at four o'clock.

Band Reunion at Crystal Lake

Mr. and Mrs. Frank P. Knapp of Dry

Mills entertained twenty-two members

of the Norway Paris band and their

families Sunday, at Crystal Lake near

the Knapp home.

A fine banquet was served in the dining

hall followed by speech making with Mr.

Knapp as toastmaster. Frank Kimball

expressed appreciation of the kindness

and thoughtfulness of Mr. and Mrs.

Knapp in gathering the players together

for a quiet social meeting, for a better

acquaintance and lasting friendship.

At a suggestion of Mr. Knapp the

members voted to continue these gather-

ings as an annual event and formed an

Association for that purpose. Frank P.

Knapp was unanimously chosen presi-

dent and Ray Eastman, secretary.

After the more formal part of the ex-

ercises, the boys assembled for a band

concert and spent the remainder of the

afternoon playing new selections and

handling concert numbers, to the enjoy-

ment of outsiders spending the day at

the lake.

"One of the best times we have ever

had" is the general verdict. Mrs. Knapp

was a royal hostess. She left not one

thing out of the plans which developed

for the comfort and entertainment of the

guests. It surely was a large family

gathering.

Heating

Heat is something we need in this climate and it is time to find out if the plant we have is in working order, or if we have got to have a new Heating Plant. If you have got to repair your plant we are ready to give service at a reasonable price. If a new plant, we have one of the Best Hot Air Heating Plants on the market, The Rudy Furnace. It has a heavy fire box and burns hard or soft coal. As coal is quite a question at the present, this Rudy Furnace is quite a factor in heating.

We also install Hot Water and Steam Heating Plants. Let us measure your house and give you figures on, estimate or contract work.

SUMMER HOTEL BUSINESS

The proprietors of summer hotels in the White Mountains and at some of the resorts in Maine are said to be complaining because the business this year is not up to the average. The number of guests in some of these resorts is much smaller than has been the case for some years. This is said to be due to poor business conditions throughout the country and to the fact that fewer people think they can afford to pass their vacations in the resorts where they have been accustomed to go.

But observations of conditions which exist would seem to show that the summer hotels, like many other things, are confronting changed conditions. The tourist business, along with every highway which is much followed by automobile tourists are to be seen signs in front of large and comfortable looking farmhouses announcing "Auto parties accommodated." In some places almost every house along the way is displaying such signs. It is evident that many of them they would not go to the trouble of making such announcements. These wayside inns, if they can be so designated, must be taking away considerable business for the regular summer hotels.

Then the automobile coming parties are also affecting the regular hotels. Many parties are to be encountered everywhere. It cannot be said that the people who are camping out as they tour about the country are not of the class who generally patronize the hotels because many of these campers are well to do and are possessed of sufficient means to pay their bills anywhere. Automobile touring in this way may be a fad but it is annually attracting more and more people. Some of the equipment which these tourists carry about is very elaborate and must have been very costly. These tourists prefer life in the open in this way rather than staying at hotels and of course the hotels must feel it to some extent.

Then, too, the length of time that hotel guests remain in one place is very brief compared with a few years ago. Many people now use automobiles exclusively to journey to and from their homes. They are not content to remain in any one place longer than a day or two, providing the weather permits them to move. They play golf here today and tomorrow go somewhere else to play golf. They patronize the hotels but not for very long in any one place. All of this has cut into the hotel business a great deal and it accounts for the fact that the hotel men say that business is not as good as it was a few years ago. More over these changes are becoming more pronounced and noticeable every year and there is no prospect that they will be much different in the immediate future.

NEW ENGLAND PRODUCTS

On September 15th, New England Week will start. For one week, New England manufacturers, retailers and individuals who are interested in the progress of this part of the country will exploit the products which are manufactured within its boundaries. This is all very nice, but why not exploit these products week in and week out, year in and year out.

Some of the finest merchandise made in the world today comes from New England. The finest craftsmanship in the world is found in New England. The finest products of the world are the result of New England ingenuity and effort.

New England was the first section of the United States which was actually populated by an intelligent people. And this knowledge and intelligence has spread to the four corners of the earth to promote other regions.

New England has been, is now, and always will be the center for ambitious, competent, interested and progressive workmanship.

Nationally known products are made here. Things which we do not know and we should. It means our bread and butter. It means our future prosperity.

Let us list a few: Nashua Blankets, street cars, Amoskeag linens; Derry mattresses, Dennison products, Gilbert toys, Rogers watches, Indian motorcycles, Babcock-Walshfield baby carriages, Babcock printing presses, Draper & Maynard Athletic goods, McElwain and many other makes of shoes, International News-paper, Fuller brushes, Carter's knit underwear—yes, we could go on and list thousands of products.

If we and I would boost our own business, would lend our efforts toward the progress and prosperity of New England, we would place our own efforts back of New England products. We would make it possible for New England products to be sold in larger quantities and New England's prosperity would be assured.

—Laconia Democrat.

REMEDY MOTOR LAW

Belief that Maine's motor registration laws as applied to out-of-state tourists remain in the State during the summer season for more than 30 days should be modified either by extending the time limit or by making the fee smaller and rated in proportion to the amount of time spent in Maine, has been expressed by officials of the Publicity Bureau. At present, out-of-state tourists who come here for 30 days without taking State registration for their cars. After the 30 day period, however, they must pay full fees for their registration in the State, the same fees that year round residents of Maine pay.

This condition has brought many complaints from the outside visitors and has caused a large number to leave the State earlier than they would otherwise have done, rather than pay what they claim as exorbitant registration charges for a short time in the summer season.

The matter, in the belief of the Publicity Bureau officials, is one that should be brought before the next Legislature for modification of existing statutes.

FRYEBURG

Charles Family Reunion

The Charles Family Reunion was held Saturday, August 16, 1924, at Fryeburg, K. of P. Hall. About 100 present from babies to ladies and gents nearing the century mark. Relatives were present from various parts of Maine, including Portland, Harrison, Bridgton, Gorham, Summer, Norway, South Paris, Fryeburg, etc. Many out of state relatives were also in attendance, including some from Connecticut and a goodly number from New Hampshire.

A bonafide dinner was served at noon consisting of baked beans, salads, brown and white bread, assorted cakes, custard pie, ice cream and coffee, to which all did full justice. The time before dinner was spent in renewing old acquaintances.

After dinner all gathered in the hall up stairs where Pres. Leon Charles called the meeting to order. Report of last year's meeting held with Mr. and Mrs. Fred Charles at Stow was read and approved, after which the officers were elected. Quite a laughable discussion was held before a president was secured.

While Thomas Charles was down stairs enjoying his after dinner smoke, he was elected to that office. Upon his return, his better half so informed him, he appreciated the honor, but declined in favor of David Charles, who at first declined but after "the little coaxing," that was all that was necessary, according to Thomas Charles, Bro. David reconsidered and accepted.

A cordial invitation was received from Mr. and Mrs. Ralph Emery of West Pownal to meet with them next year, but it was deemed best to decline on account of its being too far for the older members to attend, so a letter of appreciation was sent to them.

The usual collection was taken by Arthur and Stanley Walker of Norway, amounting to \$18.23, to defray the expenses of the meeting. Some \$43.00 was reported in the treasury.

Voted to hold meeting at K. of P. Hall the 3rd Saturday in August, 1925, at Fryeburg.

A most beautiful memorial service was held for the five who have died during the past year. This service was followed by a general program consisting of solos, too dancing by the children and singing by the crowd. Accompaniment was on the piano, assisted by a Victrola. The speaker engaged for the occasion was unable to be present, much to the disappointment of all. Opening the register for signatures was one of the important events for the day.

After another hour spent chatting and saying good-bye, the guests departed, having spent a most beautiful day in the Saco Valley.

NORWAY AND VICINITY

Meadow View Camp Ground

Tourists have enjoyed the free camp-
ing grounds south of the village accord-
ing to the various registers in which approx-
imately four hundred names are record-
ed. Every New England state is rep-
resented plus New York, New Jersey, Penn-
sylvania, Illinois, Michigan, Arizona,
Florida, Texas, and Washington state.
Many interesting items are on record,
especially the note left by Mr. and Mrs.
D. A. Crossman of Seattle, Wash., sta-
ting 5,200 miles had been tolled off in a
week and lowbrowed Ford. Tourists
have penciled expressions of thanks
the use of the well appointed camp and
say, "It is all right," several in a mo-
ment of enthusiasm state the "Is the
best yet."

An innovation this year is the "Tea
Tray" lunch room in the pines on the
corner of the grounds. Two rooms and
spacious screened porches invite many
guests for rest and refreshment. Mrs.
Luella C. Smiley is in charge, and is as-
sisted by her father, George Cook, and
Miss Hester Ordway all from South
Paris. Patronage is good from campers
and passing tourists.

The spring is holding out against dry
weather and level with the overflow pipe.
It's reputation for clearness and purity
has gone broadcast. Not long since a
large auto party inquired on Main street
for the Norway Camp ground, "where
that fine spring is located." They ex-
plained in this way "Several friends
camped there last season and told us not
to overlook that spring of purest water.
We have travelled a long distance to
drink our fill." This incident was dur-
ing the ninety-in-the-shade spell when ice
cold water from a natural setting would
prove refreshing.

House Party at Crescent Cottage

Mary Whitman of Salem, Mass and
Norway entertained at her grandmother's
in the little playhouse "Crescent Cot-
tage" on F. H. Noyes' lawn last week
Thursday. The guests were Miss Marion
Hutchinson of Newark, N. J., Eva Marion
Hutchinson of Green Elms, Norway and
Miss Allen Hutchins of Newark, N. J.
It was a picnic dinner yet covers were
set with the miniature dishes for 5. There
were sandwiches of all sorts, hard boiled
eggs, fresh blueberries, peaches, bananas,
assorted cookies and cakes with some
lovely pink lemonade.

After the dinner there were games and
races on the lawn making it a most en-
joyable houseparty. Mrs. S. I. Jackson
spent the day with Mrs. F. H. Noyes.

and corresponding heavy. This is prob-
ably a double yolk specimen.

Earl Swan has received word that
his sister, Mrs. Hattie Morrill of Cam-
bridge, Mass. is critically ill following
surgery. She will be remembered as
Freeman who resided on Alpine
Street, South Paris until some twenty
years ago.

Don C. Seitz of New York has been in
town calling on acquaintances and trans-
acting business. He was the principal
speaker at the Alumni Banquet bring-
ing to that gathering interesting remin-
iscences of Norway as it was fifty odd
years ago. The speaker commenced at
the days of his earliest recollection and
in an entertaining way carried his lis-
teners through the intervening years to
his graduation in 1879. Mr. Seitz is tre-
mendously busy and the Alumni Associa-
tion appreciates the kindness of Mr.
Seitz on this occasion.

Prof. George Eaton of Augusta was
in town on business Tuesday.

Electric Cookery is Better Cookery

"I Am Proud of My Cooking"

"Yes, doesn't that roast look delicious. It is, too, I know from experience that roasts, cooked in my electric range, will be tender, juicy and full flavored. I never have stringy, tasteless roasts now."

"You see, the oven is almost air tight. This prevents evaporation, keeps the meats tender and juicy and eliminates basting."

"The oven walls are insulated so that all of the heat stays in the oven. None is wasted. Then, too, the heat is so even and steady that I always have good results; my cakes and bread are lighter and finer; they are more moist, too, which makes them last longer."

"But best of all I get the same results day after day. It is a real joy to cook when you can feel that everything will come out of the oven just as you want it."

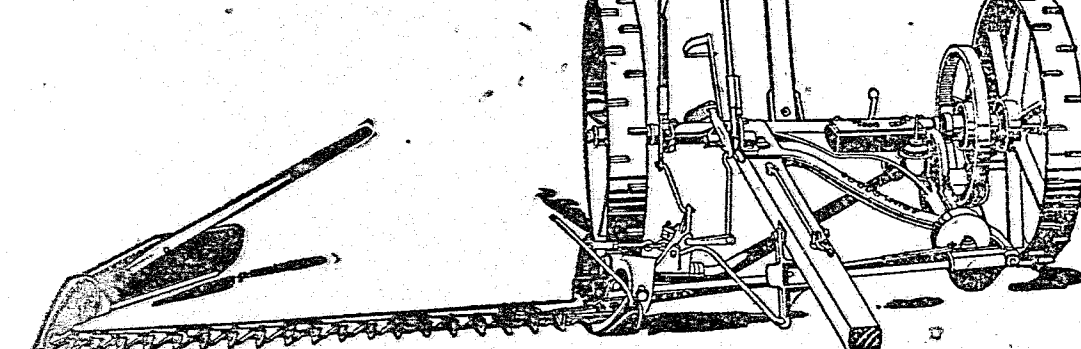

It is Cheaper, Too

"Yes, it really is cheaper to cook electrically. Because the oven walls are insulated, I can cook for a long time on stored heat. That advantage, together with the 3c cooking rate that we get saves 1-3 on our fuel bill."

Cuts Better Lasts Longer

You will appreciate the John Deere Mower the moment you see it in action. You will notice particularly its simplicity, its great cutting power and the ease with which it is handled. These advantages, combined with the extra years of service it gives, makes the John Deere a mighty profitable money investment.

JOHN DEERE MOWER The Mower with the Balanced Gears

The driving gears on the John Deere are balanced—one set offsets the thrust of the other set. This eliminates side wear and strain. This mower transmits maximum power to the high grade carefully-fitted knife—that's why the John Deere does a better job of cutting and pulls lighter.

The flexibility of the cutter bar on the John Deere fits it for use in rough, uneven fields or for weed-cutting on roadsides—this feature you will like.

SIZES: John Deere No. 1 regular frame mower—3½, 4½ and 5-ft. cut. John Deere No. 2 big frame mower for severe cutting and field conditions—4½, 5, 6 and 7-ft. cut.

Another feature—if after years of use, lag develops in the cutter bar, this can be taken out—the bar is aligned by a simple eccentric adjustment. The John Deere handles easily. The bar can be raised high with the foot lever to pass over ordinary obstructions. With the hand lever an extremely high lift can be secured quickly and easily. It's no job to keep the John Deere in good running order. All parts are easily replaced; adjustments easily made—its simplicity is a real feature.

Be sure to see this mower before you buy. It's the best mower we have ever seen.

SO EASY TO GET RID OF HEADACHES

"Fruit-a-lives" Smooths Away The Pain

Headaches are always the result of poisoned blood. If food is not properly digested; if the bowels are not regular; or if the kidneys are weak and irritated; then impurities are taken up by the blood and carried to the nerves of the head causing dreadful headaches.

The Fruit Treatment is the most effective means of keeping the blood pure. "Fruit-a-lives", the wonderful combination of the juices of apples, oranges, figs and prunes—intensified and combined, with tonics—are a complete fruit treatment for Headaches, whether the headaches are due to Neuralgia, Nervousness, Biliousness, Indigestion, Constipation or Irritated Kidneys.

Just try the Fruit Treatment for your Headaches, in the form of "Fruit-a-lives". Your druggist has them. 25c and 50c a box—or sent postpaid by Fruit-a-lives Limited, Ogdensburg, N. Y.

Health Much Better After Taking Lydia E. Pinkham's Vegetable Compound

Detroit, Michigan.—"Your little book left at my door was my best doctor. I read it, then said to myself, 'Please go and get me some Lydia E. Pinkham's Vegetable Compound. I want to make it.' The first month I took three bottles of Vegetable Compound and one of Lydia E. Pinkham's Blood Purifying and used Lydia E. Pinkham's Sana-

tive Wash. If you only knew how much better I feel! Now when my friends say they are sick I tell them to take Lydia E. Pinkham's medicine. I give the little book and your medicines the best of thanks."—Mrs. HAMERINK, \$765, 25th Street, Detroit, Michigan.

In newspapers and booklets we are constantly publishing letters from women, who explain how they were helped by taking Lydia E. Pinkham's Vegetable Compound.

These letters should guide you. If you are troubled with pains and nervousness, or any feminine disorder, bear in mind that the Vegetable Compound has helped other women and should help you. For sale by druggists everywhere.

U.S. Royal Cords

BALLOON ~ BALLOON-TYPE ~ HIGH PRESSURE
Built of Latex-treated Cords

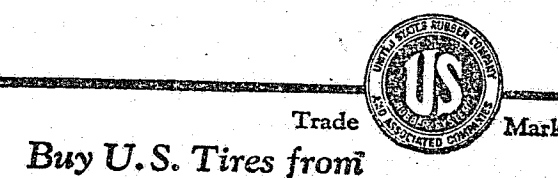

TIRE building took a big step forward when the makers of United States Tires invented the Latex Process.

The added strength and wearing quality given by Latex-treated cords is something that the user of Royal Cords can tell you about from his own experience.

Royal Cords are the standard of value in cord tire equipment—even more certainly today than ever before.

And this holds good whether you are considering a High-Pressure Tire, a Balloon-Type Tire to fit your present wheels and rims, or a Balloon Tire for a 20 or 21 inch wheel.

The Question of Water for Your Country Home

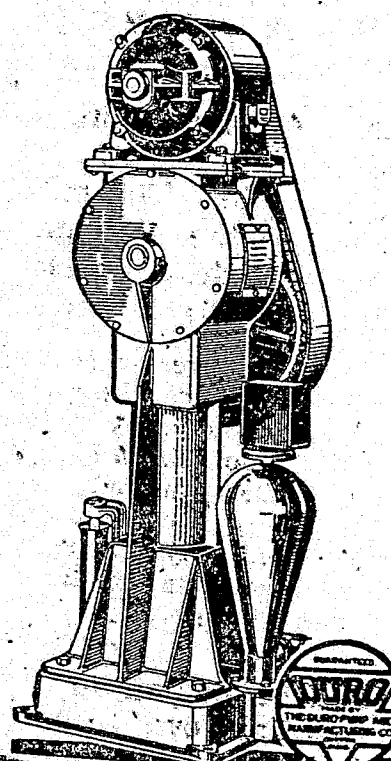

In planning your country home nothing is quite so important as the question of water.

Formerly it was considered sufficient for the farm or country home to have a hand pump or windmill. But now the hand pump and windmill are as obsolete as the old unsanitary outhouse or chemical toilet.

DURO Water Systems

"Just Like City Water Service"

made in many sizes and styles, enable any home anywhere, to have running water under pressure, all over the house, just like city water service.

Duro systems can be used with deep wells, shallow wells, cisterns or springs. They may be driven from high line current, farm light plant or gasoline engine.

A Duro system is a sound investment—it lessens labor and promotes health and cleanliness. It replaces drudgery and despair with comfort and happiness. And it is also a permanent improvement that adds to the value of your property.

Have your architect or builder ask for an estimate. Specify Duro.

CASCO

Archer Buildings Burned

Saturday, Aug. 16, between 3 and 4 o'clock P. M., one of the most beautiful homes and set of buildings in the town of Casco was burned to the ground. J. B. Archer, the owner and his son and nephew were in Portland, while Mrs. Archer, with a house full of guests were enjoying the mountain and lake views. Mr. Archer returned to see only the foundation and immense chimney standing. The origin of the fire was from two small boys who had arrived in the morning with their parents from Massachusetts to spend Saturday and Sunday.

The boys started the fire in the hay which immediately became a seething mass of flames and the heat was so intense that the workmen were held back for rods.

It was insured for \$4000, about one fourth of its real value.

Biography of Irving Willard Kemp. The subject of this sketch was born in Windham, July 18, 1861, 2nd son of Saul and Lucretia Allen Kemp. He was educated in the schools of Windham and taught in Windham, Cumberland, Otisfield, Chester, Woodville, Glenwood, Casco, Naples, Reed and Arrows for 20 years.

Feeling a call to preach the Gospel, he preached among the people he had known and has continued preaching for 16 years. He was ordained in the Church at Webb's Mills, June 27, 1918. He preached at North Casco, South Harrison, Webb's Mills and East Otisfield and has at times supplied at Casco and Spouts Court. Eleven years of this time at Webb's Mills where he is preaching at present.

He has been Rural Delivery Mail Carrier from Casco "where he resides" for 19 years and is still in the harness, having lost but one year, which was caused by having to undergo three operations at the Maine General Hospital in 1923 and is again able to be in the harness every day, being hale and hearty, by a miracle.

Mr. Kemp has been twice married; first "Apr. 14, 1897" to Lizzie J. Stearns of So. Windham, who survived only a few years. He married Abbie J. Elder of Raymond, Feb. 18, 1912, both of whom were very estimable christian women. He has always been a Baptist and still hold his membership with the church at East Otisfield.

Mr. Kemp enjoys the love and respect of all who know him and that he may live to a ripe old age is the earnest wish of all. He will retire from the mail service in two years.

ART OF BEING PLEASANT
A pleasant woman in the home is like a gleam of heaven's brightest sunshine. Her presence soothes, comforts and cheers the heart of man. Don't forget this, girls, when you get married. The only way to be pleasant is to make a study of the art; convert it into a science and study it as such. A woman who makes the meaning of love believe she knows not has for him a pleasant smile and a word of welcome, will find that tender thoughts of her are creeping down further into his heart, than those of the beauty whom she envies. Girls, you don't know what the most continued pleasantness has up to a man. We would suggest to you to make a study of the art of being pleasant.
Unless you are an angel, and angels are scarce, someone is always roasting you behind your back.

NORWAY AND VICINITY

John D. Cole of Boston has arrived for his annual vacation and is a guest of his mother, Mrs. W. C. Cole and brother, Harry V. Cole. Miss Patten of Boston is also a visitor of Mrs. Cole. John will be in the county fair as is his custom, remaining in Norway about two weeks.
Rapid changes are being made on the Fred E. Brown residence (Welch house) under the supervision of J. H. Stuart of South Paris. Partitions have been removed, large windows put in, a chimney added, porches to replace piazzas and a new chimney to be put up for a large fireplace. Many other changes are contemplated before the residence is ready to occupy. The building will have about fifteen finished rooms.

Elizabeth Marberry, authoress of New York City, has been a guest at Bethel Tavern. She cast a fly for bass on Lake Umbagog and motored to Fryburg, Pennesseewassee and returned to Fryburg. She was in the county fair as is her first trip to Norway and she is sure it would not be the last unless something unforeseen happened.
Mr. and Mrs. A. K. Cameron and their children of Montreal, Can., left town Monday. They arrived at Bethel Tavern expecting to stop one day, but the trip was extended to a week and more. They were accompanied by their own and several of the children. While there Mr. Cameron talked with the Eliot Fuller Store in Norway from the tip-top house. The trip was put through in three minutes and to the surprise of the operator in charge. Three days later this house occupied by thirteen hikers was struck by lightning, but nobody hurt, only the telephone wire put out of commission.

Chas. S. Akers is feeling pretty good politically. He is drawing on a new "Hell Maria" plan, the late campaign hit in the middle west. A friend in Chicago sent this week a clipping in town. It is not in New England. Nothing trashy about it either, real to the hilt. It is the substance patterned after a nose warmer sold in country stores some seventy years ago. A detailed lining with absorbent rags for old knickerbockers class the plan. A good republican should have a "Hell Maria" smoke while hanging to a bit of the millionaire.

Uncle David Leblond of Waterford has been in town visiting his son Eugene, taking in the sights. He called to see new his subscription and bought the press rooms who his last visit. Mr. Leblond enjoys good health and is not while passing through his 50th year.
The fence around Norway Pine Cemetery has been repaired and painted by Josiah Witham's crew.

Another change at the fair grounds, devoting the entire stage in front of the large grand stand for dressing room underneath. The past few years the formers have made their changes in the Mr. and Mrs. George Gurney are spending two weeks vacation from the Merchant store. The time will be spent in Boston and Canada.
In making alterations at Norway Pine a poster advertising the Randolph and Buckfield Ry. in 18-9 was found behind the sheathing on the walls. At the time the line linked Mechanic Falls and Canton. Stage connections for Tipton, Peru, Dixfield, Mexico and Randolph were advertised. A through car to Lewiston was provided via Mechanic Falls and Lewiston Junction. Surely many changes have taken place in the past thirty-three years.

Speaking of large bass in Lake Umbagog brings to the office the report that Clifford Wheeler of Bridgeport, Conn., a guest of Dr. C. C. Goodyear's, his camp, recently landed two large bass one weighing 4-4 pounds. So far reported this exceeds by a few ounces the heaviest bass captured this season.

Mrs. Harris White of Haverhill, Mass. has been the guest for several days Mrs. Hiram White.
Fred M. Davis has recently substituted for Miss Ruth Akers, the pianist at R. Theatre.
Thelma Bradbury closed her engagement at Stone's Saturday. She will take a vacation before entering Nasson Institute at Bangorville.

Stanley P. Murch, son of Mr. and Mrs. Ernest C. Murch, underwent an operation Tuesday for the removal of adenoids and tonsils. The operation was performed at his home on Bridge street.
